Public and Private Transportation

FROM THE INNOVATIVE TO THE AWESOMELY FUN

Whether you want to travel solo or with a group, you're covered with a range of smart options. Along with your favorite rental car brands and city bus services, Tampa Bay offers a variety of transportation options.

Ride-Share Services

Both Uber and Lyft services are available so attendees can get where they need with the convenience of pushing a button on their smartphones.

Coast Bike Share

Enjoy a fun and healthy way to get around when you rent a bike for the day.

The Downtowner

Free electric shuttle service is available for visitors to take short trips between downtown, the Channel District, Harbour Island and the University of Tampa area. These six-seat shuttles come with a driver, and it's as easy as downloading an app to hail the closest shuttle.

Zipcar

For a pay-as-you-go option for getting around the urban core in a car, sign up online to use Tampa's Zipcar service. Once approved, visitors receive a Zipcard to access Zipcars parked near the University of Tampa, the Tampa Convention Center, the Channel District and the Barrymore Hotel. Gas and insurance are included in hourly and daily rates.

Pirate Water Taxi

See the city from an amazing perspective aboard a 50-foot water taxi. Hop on and off at restaurants and entertainment venues at stops along the Riverwalk, Channel District and Harbour and Davis Islands. The fleet of pirate-themed water taxis operates seven days a week and has extended hours on the weekends and during big events. Historical narration adds some local culture to the ride.

TECO Line Streetcar

Tampa's streetcar system dates back to 1892, when 53 miles of track and 11 routes made it the most extensive streetcar system in Florida. Today, modern streetcars carry visitors to 11 station stops along a 2.7-mile route, with five stops in Tampa's Channel District, four in historic Ybor City and two downtown. Each station stop incorporates public art elements that celebrate the lives of Ybor City workers and Tampa residents.

HART In-Towner

This free trolley service runs every 15 minutes from downtown to Harbour Island. The loop, which starts at the Marion Transit Center, is a convenient way to reach downtown hotels, Curtis Hixon Waterfront Park, the Riverwalk, Tampa Convention Center and restaurants and attractions on Harbour Island. The trolley also connects to the TECO Line Streetcar, which takes visitors into the heart of Ybor City.

Water Bikes

eBoats

eBoats

After a quick lesson, visitors can rent and pilot their own electric boat and set off on a tour of the Hillsborough River and downtown Tampa waterways. Rent by the hour at docks outside the Sail Pavilion and the Tampa Convention Center, and bring up to 10 of your closest friends for a day on the water.

Riverwalk Boating Co.

Rent two-person mini power-boats by the hour and cruise around Tampa Bay's waterways. Prior boating experience isn't necessary since they'll teach you everything you need to know for fun on the water.

Water Bikes

Tampa Bay Water Bike Company operates along the Hillsborough River. Single and tandem options let visitors hop on a water bike (after a quick tutorial) and power their way to sites along the Riverwalk. The sturdy bikes are virtually impossible to tip over and offer a memorable way to get around town (and an awesome core workout).

On Two Feet

Take a stroll and soak in every detail of the many waterfront areas throughout Tampa Bay, from the scenic Tampa Riverwalk stretching through downtown Tampa to Bayshore Boulevard, the longest continuous sidewalk in America.

Kraken CycleBoats

You and up to 14 of your friends can set sail on this human-powered, 32-foot catamaran with a big paddlewheel. Whether you are team building or simply having fun drinking, listening to music and pedaling, you'll have a great time on these two-hour cruises.

CONNECTING KEY DOWNTOWN DESTINATIONS

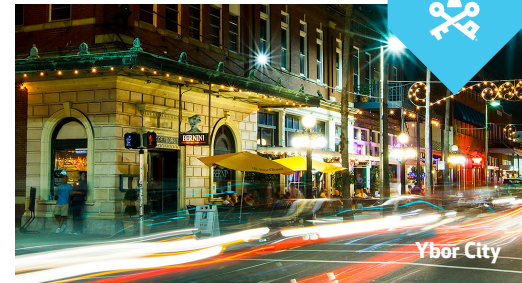

Right outside the Tampa Convention Center, you'll find the **Tampa Riverwalk** — a 2-mile pedestrian space that conveniently links popular destinations like gems on a string. During a break or at the end of the day, you can stroll, bike or rent a stand-up paddleboard or kayak to paddle your way to a variety of attractions, hotels and dining options.

You can also head to beautiful Bayshore Boulevard, America's longest continuous sidewalk, to explore more destinations and see some of Tampa Bay's most luxurious homes and more along 4+ miles of waterfront walkway.

PARK IT THE EASY WAY

From full-size buses to a line of limousines, the downtown sector has more than adequate areas for staging and parking. For cars, there are multi-level parking facilities, such as surface lots and metered spaces that are available 24 hours a day, seven days a week. Altogether, the area offers 22,000+ parking spaces, including metered street parking with options for paying with coins and credit/debit cards.

Tampa Bay's experience with hosting large trade shows, national conventions and major events downtown means we specialize in moving large numbers of vehicles safely and efficiently. All buses will be staged and all parked according to the current transportation plan followed by the City of Tampa and the Tampa Police Department.
