

WE DO NOT CO-PARENT WITH THE GOVERNMENT.

Our Mission

We use our collective experience and education to combat the pervasive notion that America's public-school parents are uneducated or ill-informed. As America's current ruling class continues to demonstrate its lack of appreciation for, and understanding of, the values and morals of its citizens, the duty to preserve this nation for the next generation may very well fall into the overflowing, and often unmanicured, hands of the American Mother.

WHO WE ARE & WHAT WE STAND FOR

Parents are the best advocate for the welfare of their children. Parents of all backgrounds and political affiliations have banded together as single-issue voters. We will no longer stand by and allow special interest groups unions, and partisan organizations influence our education system for control over the hearts and minds of our children.

Established in early 2021, Northeast Florida Moms for Liberty grew to over 1,400 followers on our regional Northeast Florida Facebook page in just a few months.
