February was a very busy and productive month:

We met with several legislatures, sat in the EDUCATION committee hearing and the Senate gallery to see the process of a bill (SB 150) unfold before our eyes.

We were also able to discuss and give out our obscene book binders and the pdf to show our legislatures of what is really in our school libraries!

JOYFUL WARRIOR AWARDS

Karen Perry Strayer, Cindy Young and Jerry Gearding helped to pass out over 2800+ US Constitutions in September to all the 8th graders in Campbell County and Boone County.

THE FRANKFORT FORECAST:

Education Senate and House Bills-

HB173- Childhood Protection in Education Act

HB174- A bill to work towards School Choice in Kentucky.

HB470- Prevents minors from receiving gender transition surgeries and hormones.

SB5- Provides procedures to address inappropriate literature in schools and classrooms.

SB115- Prohibits minors from being exposed to sexually-explicit performances.

SB150- Supports a parent's right to know what is happening in schools; Protects teachers from being required to use a student's non-biological pronoun.

Several of these bills have been moving forward and we are tracking them every day!

You can help by calling your Senators and Representatives and telling them you Support these bills. Also, let them know you are praying for them. The left are targeting them hard and even going as far as sending threatening emails.

Moms for Liberty says it defended parental rights by getting books removed from schools, but PEN America says book banning efforts threaten free expression.

Our local chapters have also gone **VIRAL on TikTok** by the “tolerant left”. They love to spread misinformation. This means we are right over the target!
