

WHAT IS TURNING POINT USA (TPUSA)?

Turning Point USA is a 501(c)(3) non-profit organization founded by Charlie Kirk. Turning Point USA's mission is to identify, educate, train, and organize students to promote the principles of fiscal responsibility, free markets, and limited government. Since its founding, Turning Point USA has over 3,500 student-led chapters/clubs on high school and college campuses nationwide.

WHAT IS THE PURPOSE OF A TURNING POINT USA CHAPTER?

The purpose of a Turning Point USA chapter is to educate students about the benefits of limited government, capitalism, free markets, and freedom. Turning Point USA chapters also give like minded students the opportunity to gather and have open discussions about current world events or issues they would like to discuss. Not only will students become educated on topics that matter, but they will also learn to become great leaders for their school and community.

WHAT KIND OF ACTIVITIES WOULD A TPUSA CHAPTER PARTAKE IN?

Turning Point USA chapters achieve the organization's mission by educating students and promoting Turning Point USA's message in many different ways. Below are a list of activities a Turning Point USA chapter could partake in:

- Tabling and distributing informational materials to other students or community members.
- Bringing a diverse range of speakers to campus.
- Hosting thought provoking events such as panels or debates.
- Work with small businesses in the community for fundraising opportunities.
- Organize community events and work with other organizations like women care centers.
- Attend school board meetings to handle issues that might arise on your school campus.
- Have after school meetings to create goody bags for law enforcement/first responders to show our support.
- Any other activities the students would like to participate in that promote Turning Point USA's mission.

WHAT DOES TPUSA PROVIDE TO CHAPTERS?

When a Turning Point USA chapter/club is created, the organization provides the students with a wide range of resources, materials, and opportunities. Below is a list of what Turning Point USA can provide to chapters:

- On campus support for planning, recruitment, and any other help needed from trained Turning Point USA Field Representatives.
- Chapter handbook and online Turning Point USA resources.
- Turning Point USA's National Headquarters will provide materials and resources such as posters, banners, buttons, stickers, sign-up cards, apparel, and much more.
- Turning Point USA provides activism grants for chapters that range from \$100.00 - \$5,000.00 for chapter activities.
- The organization provides a wide range of speakers for potential use at chapter led events.

OPPORTUNITIES!

Turning Point USA has multiple different conferences that TPUSA chapter students get priority access to. A couple are Youth Women's Leadership Summit, Chapter Leadership Summit, America Fest, and Student Action Summit!
