

## ***Parents need to know:***

- Schools are indoctrinating students with toxic ideologies like CRT and gender fluidity.
- Invasive surveys are used to justify even more social engineering.
- Personal data on suicide, attitudes, feelings, sex, drug/alcohol use and participation in illegal activities is being gathered on minors.
- Time spent on data mining and social engineering is time not spent on academics.

***The good news is that Federal and state laws allow parents access to the curriculum and the right to opt their child out of surveys and activities they find objectionable.***

**Moms for Liberty-King County wants to protect families, restore transparency and return academic excellence. We have big plans for the 23/24 school year.**

- **Opt out:**
  - Determine which activities you do not want your child to participate in and complete the attached opt out form from Pacific Justice Institute. Follow the directions for filing.
  - Go to our website and report you opted out. We want to celebrate every child that is protected!
- **File Record Requests:**
  - We will help parents use the 1974 Protection of Pupil Rights Act (20 U.S.C. § 1232h) to expose the curriculum, surveys, staff training, funding sources etc. that are indoctrinating instead of educating children.
  - We will provide a platform for this information to be shared.
