

# Moms for Liberty Washington Legislative Priorities 2025

King - Pierce - Spokane - Lewis - Chelan - Douglas

**OUR MISSION:** Moms for Liberty (M4L) is dedicated to fighting for the survival of America by unifying, educating, and empowering parents to defend their parental rights at all levels of government.

## PRESERVE PARENTAL RIGHTS

*Moms for Liberty Washington* supports a parent's inherent right to direct the upbringing, education, medical, and mental care of their children.

Parent or Guardian involvement improves education and health outcomes. *Moms for Liberty Washington* supports a parent's God-given right to advocate and direct the upbringing of their children, and to communicate about topics both publicly and privately that directly impact their families. Parents and Guardians should be able to engage peacefully without fear of reprisal, bullying, hazing, censorship, blocking, shadowbanning, surveillance, or any manner of intimidation, interference, or investigation.

**PRO: HB 1038, SB 5136, SB 5137, HB 1176**

**CON: SB 5126, HB 1072, SB 5181, HB 1296, SB 5180**

## INCREASE TRANSPARENCY & EDUCATIONAL ACCOUNTABILITY

*Moms for Liberty Washington* asserts that all men and women are created equal and supports legislation to end discrimination based on race, color, sex, religion, or national origin. We support Title IX as written *prior* to the Biden Administration's changes and as reinstated under the Trump Administration.

*Moms for Liberty Washington* supports a parent or guardian's right to full transparency on all matters, records, and interests pertaining to their minor children.

*Moms for Liberty Washington* believes parents have the right to vote for their school directors, State Superintendent, and on any levies or bonds impacting their families.

*Moms for Liberty Washington* declares that parents are the primary stakeholders in their children's upbringing, which includes their education and, as such, should be involved in school board processes, especially in the selection of instructional materials.

*Moms for Liberty Washington* believes that public and private schools should be accountable for the safety and security of all children under their supervision.

*Moms for Liberty Washington* declares that teaching CRT, DEI, Ethnic Studies, Culturally Responsive Sustaining Education, Social Emotional Learning, data mining, and Restorative Justice practices are not in children's best interest.

**PRO: SB 5012, SB 5080, SB 5137, SB 5135**

**CON: SB 5123, SB 5179, SB5189**
